

# Company Outings in Italy

Discover the best spots together with your colleagues!

Enjoy the "dolce vita" together with your team and spend your company outings in some of the most beautiful places in Italy. International Airports such as Genua, Milan or Pisa make Italy the perfect destination for a weekend trip. Due to pleasant temperatures, spring and autumn are the best seasons for hiking tours along the coast or in the hilly backland as well as for cultural trips to the splendid palaces and museums. In summer you can cool off in the sea along the coastal towns or with an "aperitivo" or a "gelato".

Liguriaplus is your professional partner for the organization of your company days out in Italy. With your timeframe and budget in mind we can offer you various activities and events in Liguria or other Italian regions. Whether you choose cultural, culinary or active events or if you just want to relax in the sun - we will create a tailor-made program for your company outing and we will find the perfect hotel to fit your needs. Put your trust in Liguriaplus! We will tend to the entire planning and organization of your event and allow you to discover the best spots and insider tips of this beautiful country!

## Country & People

Welcome to authentic Italy! We will show you multifaceted landscapes, striking coastal towns and medieval villages in the hinterland. You will learn a lot about the Italian way of life. For example, discover the UNESCO World Heritage Site Cinque Terre and let yourself be enchanted by the colourful little houses which are built in the rocks.

## Fun & Action

Experience Italy with various team activities and make your company outings unforgettable! Choose from a wide range of activities: A boat trip along the beautiful coast, a hiking tour with a fantastic view of the Italian sea, a vespa tour along the curvy coastal roads, beach games, an interactive rally through the historical city center - or many other activities!

## Delights & Relaxation

The excellent Italian cuisine is world renowned. Each region has its own specialties: "Pasta al Pesto" in Liguria, truffles in Umbria or wines in Piedmont. Savor the best regional foods. We will organize cooking classes, wine and produce tastings, visits to oil mills and factories and many other culinary activities. And if you just want to relax, we will show you some of the most spectacular beaches Italy has to offer.
